CHECK THE DEDUCTIBLE

Ok, great.
But...
WHAT IS A DEDUCTIBLE?!?
The Deductible is WHAT YOUR STUDENT WILL PAY

- MSU’s BCN Student Health insurance has a $150 deductible.
  - Your first 3 visits to Olin are still FREE.

- For example, if you buy an insurance with a $500 deductible, you will pay over 3 times as much for your medical care!
OK, THAT’S FINE. MY STUDENT WON’T GET SICK ANYWAY.

Don’t be so sure!

1 in 3 MSU students need a doctor each year.

If it’s your student, are they ready?
YOUR STUDENT SHOULD GET VACCINES!

- Olin Health Center has an Allergy & Immunizations Clinic that carries many vaccines.
- Everyone living in the U.S. should get a flu vaccine every year!
  - 36,000 people die in the US every year from this preventable disease.
- HPV vaccine is encouraged for both women and men.

If your student has MSU BCN, vaccines are FREE!!
REMIND YOUR STUDENT THAT PHARMACISTS CAN GIVE ADVICE ABOUT BOTH PRESCRIPTIONS AND OVER-THE-COUNTER* DRUGS

* Over-the-counter drugs are medicines that do not require a doctor’s prescription. Examples are: cold drugs, anti-inflammatory and allergy medications.

In addition to the Olin Health Center, your student can find pharmacies at the following major retailers:
REMEMBER THAT HEALTH INSURANCE DOES **NOT** COVER DENTAL OR VISION CARE
YOUR STUDENT CAN BUY BOTH DENTAL AND VISION INSURANCE FROM MSU
