## REQUESTING I-20 FOR DEPENDENT(S)

For dependents to enter the U.S. in F-2 status (provide dependent information below) \$5,000 will be added to expenses section of your I-20 for a spouse and \$3,000 for each child. If you do not have enough money on your I-20 to cover dependent expenses, you will be asked to provide additional funding. Please use this section to make any corrections to dependent information and indicate that you have made the correction.

### Documents Needed For I-20 Processing:

- Funding Proof** - If current funding is older than 6 months, then F-1 must provide current funding documents for F-1 and dependents. If current funding is less than 6 months old, then F-1 only needs to provide additional funding documents for dependents.
- Passport** - Copy of dependent/s passport biographical page

## POSSIBLE ADDITIONAL DEPENDENT RELATED COST

### HEALTH INSURANCE

Health care in the United States is very expensive. People without health insurance risk a lack of health care access, extremely high costs, and financial devastation in the event of even a moderate health problem. It is very important that your family members have adequate health insurance coverage at all times while they are in the U.S. The average yearly cost of health insurance for a female spouse can range from \$1,500 - \$4,000, for a male spouse from \$600 - \$4,000, and for a child from \$500 - \$2,150. Please budget accordingly and be aware that you may not have access to the lowest figure in the given price ranges.

### PUBLIC SCHOOL

F-2 dependent children are eligible to attend public schools from kindergarten through 12<sup>th</sup> grade. No tuition will be charged. To enroll in kindergarten, a student must be 5 years old on or before December 1<sup>st</sup> in the year in which they enroll. (Example: a child born on October 15<sup>th</sup>, 2007 may enroll in September of 2012; however a child born on December 15<sup>th</sup>, 2006 must wait until September 2013 to enroll.)

### PRESCHOOL AND DAYCARE COSTS

Children generally attend preschool for one or two years prior to enrolling in kindergarten, or from ages 3 to 5. A number of preschool choices are available in the Lansing area. Free or low-cost preschool programs do exist but may or may not be available to you. Average preschool tuition ranges from approximately \$2,000 - \$4,000 per year for part-time programs and \$4,000 - \$10,000 per year for full-time programs. If your children are not enrolled in either kindergarten or preschool and will need regular care when the parent(s) will be absent, be prepared to enroll your children in a day care program licensed by the State of Michigan. Parents can get help locating suitable day care providers and other family support programs from the MSU Family Resource Center ([www.frc.msu.edu](http://www.frc.msu.edu)). Full-time day care costs can range from \$6,500 to \$13,000 per year.
